

GAEFATM

CLEAR & SIMPLIFIED INGREDIENTS.

Welcome to GAEFA Biochem

GAEFA Biochem Corporation Pvt. Ltd.

We are a innovative supplier of QUALITY ENZYMES and PROBIOTICS and services to the Bio Pharmaceuticals, Food, Feed, Textile, Leather Industries since 2015. When its founder started with an enzyme producing company specialized in plant origin enzyme, in order to better serve customers.

GAEFA is a professional supplier for Probiotics formulations for Biopharma, Food, Feed, Bakery, Meat, Malt, Sugar, Distillery, Textile, Leather, Brewery, Fruit Juice industry, which bring added value to our customers. **Gaefa Biochem Corporation Pvt. Ltd.** has been reconigzedas a valuable partner that helps to improve their Products because of consistent high quality, competitive price and excellent services.

GAEFA offers high Quality Products with higher enzyme activity, highest potency of probiotics with proper stability, and less enzyme dosage, easy processing, Higher yields. That are greatly helpful to improve their finished Products.

OUR VISION

To be the leading global innovator and a successful key player in the Enzymes and Probiotic Business, dedicated to unlocking the potential of biological science to build a future of continuous and vibrant life. We commit to driving transformative health outcomes through rigorous, hopeful research and the sustainable development of superior bio-solutions."

OUR POLICY

"We are committed to customer satisfaction by consistently delivering required quality, quantity, and on-time delivery. This is achieved through continual improvement and the total involvement and participation of all employees."

**We are having
following Certificates**

We Serve **Enzymes & Probiotics** to
Following Industries

PHARMA

TEXTILE

DISTILLERY

SUGAR

DETERGENT

We Serve **Enzymes & Probiotics** to
Following Industries

ANIMAL FEED

BAKERY

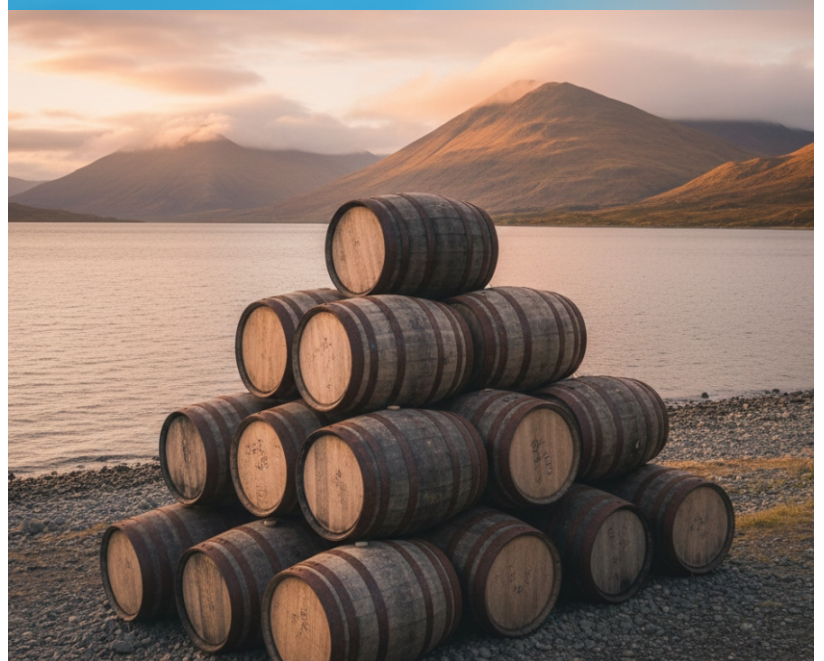

FRUIT JUICE

LEATHER

MALTS

We Serve **Enzymes & Probiotics** to
Following Industries

MEAT PROCESSING

CONTRACT MANUFACTURING

- Pharma Enzymes Concentrates & Formulations.
- Probiotics and its formulation for food, feed and aqua.
- Food Enzymes Pure & Mixes.
- Nutrient, Vitamins & Mineral Premixes for Animal Health.
- Feed Enzymes, Additives Pure or Blended.
- Customized Formulations & Packaging.

Our Products

PHARMA ENZYME

Products

- Bromelain 600-2400 GDU
- Serratiopeptidase IP
- Trypsin Chymotrypsin Mix (6:1)
- Trypsin USP/BP
- Pancreatin USP/IP/BP/EP
- Veg Pancreatin
- Pepsin IP
- Fungal Diastase IP
- Papain IP/USP
- Alpha Amylase IP

Our Products

PROBIOTICS (HUMAN GRADE)

Products	Potency	Products	Potency
○ Bacillus Amyloliquefaciens	1BN-200BN	○ Lactobacillus Acidophilus	1BN-400BN
○ Bacillus Clausii	1BN-200BN	○ Lactobacillus Brevis	1BN-400BN
○ Bacillus Coagulans	1BN-200BN	○ Lactobacillus Buchneri	1BN-400BN
○ Bacillus Infantis	1BN-200BN	○ Lactobacillus Bulgaricus	1BN-400BN
○ Bacillus Licheniformis	1BN-200BN	○ Lactobacillus Casei	1BN-400BN
○ Bacillus Magaterium	1BN-200BN	○ Lactobacillus Crispatus	1BN-400BN
○ Bacillus Mesentericus	1BN-200BN	○ Lactobacillus Delbrueckii	1BN-400BN
○ Bacillus Polymexa	1BN-200BN	○ Lactobacillus Fermentum	1BN-400BN
○ Bacillus Pumilus	1BN-200BN	○ Lactobacillus Gasseri	1BN-400BN
○ Bacillus Subtilis	1BN-200BN	○ Lactobacillus Helveticus	1BN-400BN
○ Bifidobacterium Adolescentis	1BN-200BN	○ Lactobacillus Johnsonii	1BN-400BN
○ Bifidobacterium Animalis	1BN-200BN	○ Lactobacillus Lactis	1BN-400BN
○ Bifidobacterium Animalis Lactis	1BN-300BN	○ Lactobacillus Paracasei	1BN-400BN
○ Bifidobacterium Bifidum	1BN-400BN	○ Lactobacillus Pentosus	1BN-400BN
○ Bifidobacterium Breve	1BN-400BN	○ Lactobacillus Plantarum	1BN-400BN
○ Bifidobacterium Infantis	1BN-400BN	○ Lactobacillus Reuteri	1BN-400BN
○ Bifidobacterium Lactis	1BN-400BN	○ Lactobacillus Rhamnosus	1BN-400BN
○ Bifidobacterium Longum	1BN-400BN	○ Lactobacillus Rhamnosus GG	1BN-400BN
○ Clostridium Butyricum	1BN-10BN	○ Lactobacillus Sakei	1BN-400BN
○ Enterococcus Faecalis	1BN-200BN	○ Lactobacillus Salivarius	1BN-400BN
○ Enterococcus Faecium	1BN-200BN	○ Lactobacillus Sporogenes	1BN-200BN
○ Lactic Acid Bacillus	1BN-200BN	○ Lactococcus Lactis	1BN-200BN
○ Streptococcus Faecalis	1BN-200BN	○ Pediococcus Acidilactis	1BN-200BN
○ Streptococcus Faecium	1BN-200BN	○ Pediococcus Pentosaceus	1BN-200BN
○ Streptococcus Thermophilus	1BN-400BN	○ Saccharomyces Boulardii	1BN-20BN
		○ Saccharomyces Cerevisiae	1BN-20BN

Our Products

FOOD ENZYMES

Products

- Acid Cellulase
- Acid Protease
- Alkaline Protease
- Alpha Galactosidase
- Bacterial Amylase
- Beta Glucanase
- Beta mannanase
- Bromelain
- Catalase
- Dextranase
- Fungal Amylase
- Glucoamylase
- Glucose Oxidase
- Invertase
- Keratinase
- Laccase
- Lactase
- Lipase
- Lysozyme
- Maltogenic Amylase
- Nattokinase
- Neutral Cellulase
- Neutral Protease
- Papain
- Pectinase
- Phospholipase
- Phytase
- Rennet
- Transglutaminase
- Xylanase
